<b>Number of Stocks</b>	97	1,966

Texas Presbyterian Foundation's Small Cap Equity Fund is a portfolio of smaller U.S. firms allocated among managers with distinct growth, value, and core strategies. The Fund seeks to invest in the next generation of blue chips, believing many smaller companies have potential to deliver above-average revenue and earnings growth. While the Fund may have the potential to produce higher returns over time, it will also experience greater volatility than a core equity portfolio, such as the TPF Large Cap Equity Fund.

Approximately one-third of the fund is managed by Kayne Anderson Capital Advisors. Kayne Anderson uses a disciplined "rising dividend" strategy with significant emphasis on value and quality. Another third is managed by Burgundy Asset Management, who does "bottom up" research to find value companies at significant discounts to private market value. The remaining third is allocated to Disciplined Growth Investors who seek quality small cap growth companies with superior earnings growth projections.

\*TPF constantly strives to provide best in class, low-cost services, and our monthly valuations support these efforts by allowing us to effectively manage our operating costs while continuing to provide valuable investment services.
